Sub- Invitation for academic Contribution as a resource person

Dear Prof. Jyoti Batra,

I am extending this invitation on behalf of MEU India that is active in the field of education, accreditation and health care research. This group is an online platform for health professional educator creating and uploading on demand courses for health sciences faculty.

We plan to involve eminent faculty to contribute to this platform from their vast experience in the field of medical education and research. We would like to invite you to be a part of this endeavor. Your proficiency and professionalism are both renowned and highly respected. We would really appreciate if you agree to share your knowledge, experience and wisdom through this academic and research setting.

For your contribution, you will be paid an honorarium and royalty.

Kindly accept our proposal after necessary approvals as may be applicable.

For MEU India
